Deer Range Farms

RED ANGUS & SIMMENTAL BULL SALE

1:00 PM

March 18, 2019
Heartland Livestock Swift Current

Quality Rancher Bulls

A large herd of red Angus and Simmental cattle is gathered in a vast, hilly landscape. The cattle are scattered across the foreground and middle ground, some standing and some grazing. The background features rolling hills under a bright, slightly hazy sky. The overall scene is a pastoral representation of a ranch.

Welcome to the 17th Annual Deer Range Farms Annual Bull Sale

Welcome to the 17th annual Deer Range Bull Sale. We value each relationship that has developed over the years of marketing bulls to ranches across our great prairies. At DRF, we continue to strive for functional cattle with performance, eye appeal, and longevity. We are extremely strict in herdsire selection, focusing on long bodied bulls that travel freely on great feet.

Our primary focus remains on raising 2 year old Red Angus bulls that are developed slowly on high forage total mixed rations. They will be carrying adequate condition without trying to hide any flaws. Once again we are offering a select group of yearling Red Angus bulls, mainly earlier calves from some A.I. bulls we have used.

We are maintaining a small herd of Simmental cows and we will have a nice selection of black and black blaze face bulls for your appraisal. They are all polled and ready to add some hybrid vigour to your herd. All the yearling bulls receive primarily oats, silage, and hay in their ration. They won't be the heaviest bulls you find this spring, but they are honest, stylish, and beefy bulls.

Videos of each lots will be online through the DLMS website a couple weeks prior to the sale. We encourage you to come and look before the sale and tour the entire herd.
